CAMP O'BANNON and THE 20TH CENTURY CLUB

The 20th Century Club was formed in 1913 when 10 young girls decided to devote their time furnishing the baby ward for the newly constructed Newark hospital. Camp O'Bannon began in 1924 as a "fresh air" camp for Licking County children with tuberculosis contacts and those who might not be able to attend camp. Over the years, both organizations have evolved and continue to make a tremendous positive impact on the lives of local children.

Today, Camp O'Bannon provides a summer camping experience for at-risk children in Licking County. Their efforts help these kids develop self-esteem and respect while having fun and enjoying plenty of good food! The members of the 20th Century Club volunteer many hours offering welcome support and financial contributions to maintain the level of success this worthwhile summer retreat has achieved.

Your involvement is greatly appreciated! Money raised from this event, through sponsorships and donations will help fund camping supplies, food and essential camp operations. Thank You!
