Merci Beaucoup

As in the past, our "Flyer" cast
Has worked beyond belief.
They don't complain, but in the main
Their bones have cried, "Relief!"

From office chair or housewife fare
They've plunged into the act.
Liniment used on all the bruised
Is **quarts**—and that's a fact!

Behind the scene are those "unseen"
Who've worked for what seems ages.
They've gathered the props, the talent and "drops,"
And sold all the ads on these pages.

Tickets they've sold to young and old
Costumes they've mended for hours
We hope you'll agree the Follies you see
Merit your heartfelt flowers!

President's Message

MRS. WILLIAM WELLS
Pres. Twentieth Century Club

Portrait by Howard Studio

Once again we welcome you to the 20th Century Flyer!

To assume the responsibility of leadership and service to her community is the aim of each of the 73 members of the Twentieth Century Club.

In keeping with our objective, our members contribute thousands of volunteer hours annually in projects of our own planning. These include active participation in the maintenance of the Health Camp, daily visits with free current literature to patients in the Newark City Hospital, and the furnishing of most of the linen and equipment used in the Hospital's two nurseries.

The cooperation we have received from you—our advertisers, our patrons, our husbands and our friends in the cast and the audience has truly warmed our hearts. It convinces us that you, too, deem our projects worthy of continuance.

We hope you enjoy our show! Thank you.

DAY IN . . . DAY OUT YOU LIVE BETTER... *Electrically*

Electricity is abundant and economical—today your electric dollar buys more than ever before. This is because electric rates have been held to pre-war levels in spite of increased costs of most other services. Today, the average cost of electricity is only 2½c per kilowatthour, as compared to 3½c in 1944 . . . the biggest bargain in your household budget.
