## DO YOU KNOW THAT

The Twentieth Century Club was organized in 1913. The name, "Girls of 1913", was originally used, but objections were raised that the club might last longer than one year, and so the organization became the Twentieth Century Club.

## ALL OUR FUNDS ARE SPENT FOR CHARITABLE PURPOSES

From 1950 to 1959 inclusive, we spent a total of \$13,018.77 in the baby ward of the Newark Hospital for sheets, blankets, shirts, diapers, equipment and remodeling the O.B. Diet Kitchen. We also supply patients with books and magazines twice each week. From 1950 to 1959 we spent a total of \$3,589.89 at the Licking County Health Camp. We have also given \$8,500.00 to the Licking County Health Camp Building Fund.

## President's Message

Our 80 members welcome you as the curtain goes up on another 20th Century Show!

First, we would like you to know the purpose of our club. It is to foster interest among the members in the social, economic, educational, cultural and civic conditions of our community and to give efficient volunteer service.

Thousands of hours are contributed annually to various Club projects such as operation of the Hospital Book Cart, the hospital pre-natal orientation program, the furnishing of the linens and most of the equipment used in the hospital nurseries and also active participation in the maintenance of the Health Camp.

The splendid cooperation and support we have always received from our many friends make these endeavors possible. So thank you patrons, advertisers, cast, friends and families, we are deeply grateful.

Now . . . up with the curtain . . . on with the show and have fun with us this evening!

*Electrically*

Electricity is abundant and economical—today your electric dollar buys more than ever before. This is because electric rates have been held to pre-war levels in spite of increased costs of most other services. Today, the average cost of electricity is only 2¼c per kilowatt-hour, as compared to 3½c in 1944 . . . the biggest bargain in your household budget.
