Co-Chairman of 20th Century Flyer

Portrait by Howard Studio

## PRESIDENT'S MESSAGE

Good evening! The entire membership of the 20th Century Club welcomes you to the 1962 "20th Century Flyer."

We have just completed another successful year by fully contributing to our various projects. At the Newark Hospital we furnish linens and equipment for the nurseries, render free literature service through our book cart, and conduct pre-natal orientation tours. Also, we spend many hours in maintaining and operating the Licking County Health Camp.

To all of you, who through your efforts and cooperation have made this presentation possible, we offer our sincerest thanks.

Convenient Charge Plans to suit every need

## DID YOU KNOW

The Twentieth Century Club will celebrate fifty years of service to our community in 1963! The name, "Girls of 1913", was originally used, but objections were raised that the club might last longer than one year, and so the organization became the Twentieth Century Club.

## ALL OUR FUNDS ARE SPENT FOR CHARITABLE PURPOSES

Since 1950, we have spent \$14,550.70 in the baby ward of the Newark Hospital for sheets, blankets, shirts, diapers, equipment and remodeling of the O.B. Diet Kitchen. We also maintain the book cart in the hospital from which patients are supplied with books and magazines twice each week.

In the past eleven years we have spent \$6,281.90 at the Licking County Health Camp. We have also given \$10,500.00 to the Licking County Health Camp Building Fund.

DAY IN . . . DAY OUT  
YOU  
LIVE BETTER . . .

*Electrically*

Electricity is abundant and economical—today your electric dollar buys more than ever before. This is because electric rates have been held to pre-war levels in spite of increased costs of most other services. Today, the average cost of electricity is only 2.2c per kilowatt-hour, as compared to 3½c in 1944 . . . the biggest bargain in your household budget.

## Talent Committee

You might call this group the "Round-Up Crew." Many of those in the cast have appeared in several "Flyers," but there are always more needed. The committee confers with the director as to the number needed for each routine, and from then on devotes its time to rehearsals, filling vacancies, giving cues, phoning, and soothing those with sore muscles!

## You Can Count on Us . . .

**For Low Prices**—Sears searches the market for low costs on good quality merchandise. Savings from economy and distribution are passed on as savings to you.

**For Good Quality**—Items are tested thoroughly in Sears laboratory—largest of its kind in the retailing field. This helps bring you only good quality.

**For Wide Assortments**—Choice of over 140,000 different items; buy over counter or from catalog. No money down on anything you buy at Sears on credit.

**For Reliable Service**—We maintain nation wide service with trained experts. Sears has replacement parts available for power tools for at least 10 years.

**TICKETS**

It is rather tricky to keep track of the many tickets and money in the hands of club members, cast, and various business establishments, and to reserve seats for both performances, hoping Mr. Cadwalliter isn't on Mrs. Ziltch's lap and that junior has his ticket for the same night as mama! Many hours are spent attending to the box office and answering phones prior to the performance.

**Costume Committee**

**Mrs. John Alford**  
Chairman

It's always exciting to unpack the many cases of costumes—for then the show seems to "come alive"! But tis then the work of the committee really begins. They count, assign, mend, alter, pin, help dress, quick change—then recount and repack during and immediately following the final performance. Sometimes the costumes arrive late, which makes it all the more frantic—but fun!
